B&J DIVING CENTRE SDN. BHD.

DIVING AND DIVE COURSE PACKAGES 2012

1. B&J DIVING CENTRE SDN. BHD. - INTRODUCTION

- B&J Dive Centre Sdn. Bhd. (Salang Bay, Tioman Island) was established in 1987 and is run by a Malay/German/Swiss Management.
- We opened our second dive shop (Air Batang Village aka ABC on Tioman Island) in 1995. In 2008 we opened another branch in the city of Johor Bahru
- B&J was one of the first dive centers on Tioman Island and is today one of the oldest, most established and respected dive centers in Malaysia
- B&J is a PADI 5 Star Instructor Development Centre, DSAT, IANTD, ITDA and DAN training facility
- Currently we employ 9 Instructors, 4 Dive Masters, 2 Customer Representatives, 7 boat and compressor personnel. Our employees know all the dive sites around Tioman Island intimately
- Our diving personnel are trained by our managerial staff, according to our high standards of safety and customer service satisfaction
- In over 25 years of operation we have trained over 15'000 divers, and have taken more than 50'000 certified divers underwater.
- We have 100% safety record without any dive accidents in all those years. Our motto is "safety first"!
- Our dive personnel are all certified Emergency First Responders and DAN Oxygen Providers.
- All dive equipment is regularly serviced and well maintained
- Our Bauer compressors deliver the best air available, tested regularly to guarantee purity
- B&J is the only dive centre in Malaysia to receive the "Bauer Pure Air Certificate"
- We operate three dive boats, which are designed by divers for divers. They are spacious, comfortable, safe and are equipped with VHF Radio, Life jackets, DAN Oxygen units, Medic First Aid kits and fresh water tanks

2. TIOMAN ISLAND:

- Tioman Island is the biggest and most impressive island on the east coast.
- Tioman offers a wide range of activities for visitors. Discover the beautiful underwater world when scuba diving and snorkeling in azure coloured waters or laze on the beach while working on a perfect tan. The island is covered in one of the oldest rain forests that is just begging to be explored and offers several hiking trails. The dense forest is a habitat for many kinds of flora and fauna
- The diving season on Tioman Island is usually from 1st February until 15th November.
- Best months for diving in regards of visibility (20m – 35m) and sea conditions, are March to June, and September to November. Diving is still fantastic during the summer peak season (June - August), but the underwater visibility is usually reduced to approximately 8m to 15m

3. SALANG BAY OR AYER BATANG (AKA ABC)?

Many of our customers ask us weather it is better for them to stay at Salang Bay or rather in Ayer Batang Bay (which we call ABC) and it's always a difficult questions to answer. Let us give you a bit of information on the difference between the two places:

- ABC:
 - ABC is a long stretched Bay with a number of small resorts along it's shore line. We have a large Dive Centre there with our own Resort, Pool and Bar and ABC is also the head office of B&J Diving Centre.
 - Due to the length of the Bay, all resorts / restaurants are pretty spread out, leading to a pleasant, quiet and relaxed atmosphere
 - ABC has over the years become a favorite for Backpackers due to a number of low costs resorts along the southern part of the Bay.
 - B&J Dive Resort offers some of the best accommodation on the island, followed by Nazri I resort which has some nice Deluxe Rooms but which is located on the southern part of ABC (some 10min to 15min walk to B&J)
 - The beach is overall not fantastic since the monsoon wind and waves drag it to the south.
 - ABC has a few bars, including the B&J Bar, and the night life is generally pretty good
- Salang Bay:
 - Salang Bay is much shorter than ABC, which simply means that everything is closer together. You're literally within a couple of minutes from any Resort either at our dive shop or at the Beach.
 - It can appear to be a bit busy in Salang, especially over weekends or public/school holidays
 - Salang has generally one Bar where everybody meets after dinner
 - The resorts in Salang offer fairly basic rooms but some of them have fantastic locations, even on stilts directly over the beach.
 - Salang Restaurants are famous for their fresh BBQ seafood and you will every day find a wide selection of marine delights in the iced showcase
