BOAT DIVES

- B&J operates several dive boats (wooden boats and speedboats)
- B&J conducts up to 4 boat dives daily:
 - Morning dive trip including 2 boat dives (departs at approx. 9am and returns to base at approx. 1pm)
 - Single afternoon boat dive departing at approx. 3pm

- Dive sites will be decided upon by the manager in charge and depend on current dive conditions, diver experience and where we have dived the days before

NIGHT DIVES

- Night dives are conducted upon request on a daily basis either from shore or from boat
- We recommend that all night divers have had night diving education/experience before
- B&J offers PADI Night Adventure Dives for those divers without prior night diving experience

- Rental equipment is primarily of the following brands: Scubapro, Mares

BUDDY SYSTEM AND DEPTH LIMITATIONS

- All dives must be with a buddy; no solo diving is allowed (exception for certified technical divers with appropriate education and equipment)

SURFACE INTERVALS

- For safety measures, a mandatory minimum 60 minutes surface interval is required before the next consecutive dive, regardless of whether divers are planning dives using a computer or tables

- The latest recommendation in regards of flying after diving indicates that divers should wait a minimum of 12 hours before flying after a single dive or 18 hours after multiple dives

FINAL DISCRETION

- B&J Diving Centre / Tioman Dive Resort reserves final discretion on who may or may not do any type of diving (based on a diver's experience, date of last dive, number of logged dives etc.)
- If a diver is or becomes physically incapacitated by injuries, illness, intoxication, 'hangovers', etc., we reserve the right to stop this person from diving
- If a diver is risking his own health or that of others by showing unsafe or aggressive behavior we reserve the right to stop this person from diving

SPECIAL RULES TO PROTECT MARINE LIFE

- Divers and snorkelers are to refrain from touching, teasing and restraining turtles or any other marine life under water because:
 - Turtles are air breathers and can be drowned if panicked or cornered. Anyone riding or restraining turtles will not be allowed to dive anymore
 - Any kind of marine life including corals are very fragile and we should protect our underwater environment and not destroy it
 - We follow the “Triple T Rule”: Don’t Touch, Don’t Tease, Don’t Take and leave only bubbles behind
 - We adhere a strict no glove policy
- Divers not following environmentally safe diving habits and/or harm marine life on purpose will be prevented from conducting further dives
